Short Description

SD 426 BE is a 1-door display refrigerator, with 286 net liters of cooling space. Comes with 5 black, heavy-duty wire shelves that ensure that all types of glasses, cans and bottles are stable on the shelves. The cabinet has 4 heavy-duty wheels, so it is always possible to move it, even when it is full. The cabinet has a right hinged door with a lock that closes automatically, which always minimizes temperature rises. 2 vertical energy-saving LED lights in the front provide a good light and represent the goods nicely. The cabinet has Intelligent Air Circulation System, which ensures perfectly ventilated cooling throughout the cabinet. The SD 426 BE is electronically controlled with an external digital display, so it is easy to see and adjust the temperature in the cabinet.

Key features
